Corporate Launch & Authority Resolution

DW Toolbox INC | Minnesota domestic business corporation | Proposed board written action

Conditional instrument: A Minnesota corporation acts through properly authorized directors and officers. Do not sign as a board resolution unless the full current board and applicable written-consent requirements have been confirmed. This resolution does not authorize any stock award.

Date action is effective

Confirmed number of current directors

Names of all current directors (verify against records)

1. Recitals

DW Toolbox INC is registered in Minnesota under file number 1657232800022, organized July 16, 2026. The directors desire to document the authorized scope of ecommerce launch preparation and ordinary business operations. The board has reviewed the articles, bylaws, and current corporate authority before adopting these resolutions.

2. Commercial launch authorization

RESOLVED, subject to the conditions below, that the corporation may commence its Drywall Toolbox storefront operations, selling drywall tools and parts and providing approved related services. No person may open payment collection or accept customer orders until legally required registrations, payment authorization, fulfillment, tax, privacy/customer policies, reconciliation and backup/recovery controls have been evaluated and the designated officer records launch sign-off.

3. Authorized operators and financial limits

RESOLVED, the individuals identified below may perform their defined ordinary-course roles within the limits stated. This is an operational delegation, not a transfer of board power or shareholder rights.

Authorized launch decision-maker / title

Effective launch approval date

Benjamin approved operational title

Elliott approved operational title

Individual spending authority ($)

Purchasing threshold requiring extra approval ($)

Payment, refund, bank, vendor, production deployment and emergency authority - exceptions and limits

4. Compensation and securities reserved

RESOLVED, that no unspecified salary, automatic salary increase, stock issuance, transfer, option award, dilution protection or shareholder control arrangement is adopted by this resolution. Any employment compensation must be separately and validly approved with applicable wage notices. Any equity action must be separately documented with definite terms and authorized under applicable corporate and securities law.

5. Records and continuing oversight

RESOLVED, the corporation shall maintain this action with its minute records, keep an accurate share register, document delegated account access, preserve business continuity controls, and maintain lawful financial records. This resolution does not replace professional launch compliance reviews or grant unrestricted access to customer, financial or payment information.

6. Adoption by current board

By signing below, the undersigned confirm that they are all current directors or that another applicable written-action procedure is established by the articles and has been complied with. If the board is not fully identified, do not execute.

Director 1 name and signature (manual signature after printing)

Date

Director 2 name and signature, if any

Date

Additional director signatures or written attachment reference

Execution gate: Minnesota Stat. 302A.239 ordinarily requires all directors to sign a written board action unless the articles validly permit a different process. Confirm the required directors and corporate office holders before relying on this instrument.
